In today’s competitive job market, it’s more important than ever to find the perfect job and stand out from the crowd. ReferenceUSA from Infogroup® can aid in your job search by giving you access to more than 14 million employers. Use our business database to conduct research about industries and companies of interest to you. Find executives, corporate families, company size and more!

Start Your Search Using ReferenceUSA

1. Select the types of businesses you want to work for
   Start by expanding the business type section and select Keywords/SIC/NAICS. Enter the type of company you want to work for. Example: A nurse may enter “medical” and click Lookup.
   
2. Refine
   Select all the exact match and related matches that are of interest. For example, exact match = Medical Rehabilitation Service, Medical Clinics. Related match = Healthcare Facilities, Hospitals, Nurses. After selecting your matches, expand the geography selection and make selections that fit your criteria.

3. Refine your results
   Select the businesses of interest. Click on the company name link to see details such as location, employee size, profitability, recent news, etc. This will help you decide which ones to pursue further. If you decide to submit a resume, you can review the list of key executives (5.7 million executives and more than 200,000 Human Resource executives) so you can send your resume to the right people.

4. Research and prepare for the interview
   Once you have sent out resumes and applied at companies of interest, make sure to prepare your upcoming interviews. When you an appointment scheduled, return to ReferenceUSA and select the Quick Search button on the homepage. Type in the company name, city and state. You will be able to review details, read current news article and click through to their website where available. You will have an excellent answer to the question “What do you know about our company?” Detailed company information will also help you answer a variety of interview questions.

5. Land the job of your dreams!
